PRECISION | SPEED | QUALITY | EXPERIENCE

BIG WAVES cannot be stopped.

REVELLE MEDIA GROUP is a boutique risk-mitigation partner providing enterprise-grade corporate communications infrastructure, strategic reputation management, and high-stakes linguistic solutions.

Backed by 25+ years of specialized practice, 20,000+ projects completed, and 50,000+ hours logged, we help multinational organizations protect and enhance their reputational equity and market value across borders.

We operate as your Fractional Chief Communications Officer (Fractional CCO) infrastructure—combining deep institutional experience with modern tools under full human control, orchestration, and oversight.

- Reputation and market governance: Corporate narrative strategy, executive messaging, crisis management
- Investor relations and capital markets: IR strategy, earnings reports, ESG disclosures, pitch decks
- Internal alignment: Leadership communications, policy manuals, global team coordination
- Secure digital brand infrastructure: Multilingual websites, promotional video, visual assets
- Institutional linguistic risk management: High-stakes translation, transcreation, technical documentation

AND MANY MANY OTHERS...

WHAT OUR CLIENTS SAY

"We always appreciate RMG's deep insight and creativity. Their solutions are excellent and help our projects run smoothly."

"We always really appreciate RMG's meticulous and reliable work. The quality is consistently excellent and delivered on time."

"The quality of the deliverables is outstanding, and the nuance is perfect. RMG is a truly reliable partner."

APPROACH AND COMPLIANCE

We combine 25+ years of institutional experience with modern tools—using AI as a tool only where beneficial—while maintaining uncompromising human control, orchestration, and oversight on every deliverable.

Key differentiators:

- Zero-Data-Retention architecture for sensitive client information
- Full alignment with the *EU AI Act* (Articles 50 and 14)
- Audit-ready outputs that help clients avoid disclaimers and regulatory exposure
- Institutional-grade linguistic risk management
- Compliant with: ISO 9001:2015 | ISO 17100:2015 | ISO 18587:2017

CASE STUDY 01

PROBLEM

Leading Japanese financial institutions require consistent, high-precision narrative creation and oversight for flagship financial reports distributed to institutional clients and traders across global markets. Any inconsistency in tone, accuracy, or financial nuance risks damaging credibility and regulatory exposure.

SOLUTION

For over 15 years and counting, we have delivered full strategic oversight and brand voice consistency for monthly high-profile financial reporting. Working under strict ISO- and *EU AI Act*-compliant workflows, we ensure technical accuracy, cultural appropriateness, and regulatory alignment for international audiences.

RESULT

We have delivered audit-ready, reputation-safe content on a tight monthly schedule for 15+ years and counting. These reports help strengthen market authority and have become a long-term benchmark of quality in institutional communications.

MAJOR JAPANESE FINANCIAL INSTITUTIONS

Since 2009:

Long-term strategic communications support for major Japanese financial institutions, helping strengthen market authority through precise, timely, and regulation-aware financial reporting and analysis

TOYOTA MOTOR CORPORATION

CASE STUDY 02

PROBLEM

Toyota required precise, culturally attuned support for international PR at its Tokyo headquarters. Global product launches, executive messaging, and major international events demand flawless communication that protect brand reputation across multiple markets while maintaining consistent voice.

SOLUTION

Since 2004, we have provided full editorial control and oversight and narrative refinement for press materials, executive speeches, and event communications. Working under strict ISO- and *EU AI Act*-compliant workflows, we ensure strategic clarity, cultural nuance, and brand alignment across English-speaking audiences in the U.S. and beyond.

RESULT

We support successful global product launches and high-profile international events. We deliver consistent, reputation-safe messaging that strengthens Toyota's global brand authority and stakeholder trust over multiple years.

www.revelle-media-group.com

Since 2004:

Supporting international PR at headquarters in Tokyo / U.S., contributing to global product launches, executive messaging, and major international events

CASE STUDY 03

PROBLEM

Multiple Tokyo Stock Exchange First Section companies needed clear, compliant, and investor-ready English versions of complex integrated reports and ESG disclosures. Any ambiguity, inconsistency, or regulatory misalignment could erode investor confidence and expose companies to market or compliance risk.

SOLUTION

Since 2022, we deliver full editorial oversight, transcreation, and narrative-level refinement of annual integrated reports, ESG sections, and president messages. Working under strict ISO- and *EU AI Act*-compliant workflows, we ensure technical accuracy, strategic clarity, and consistent brand voice for global investors.

RESULT

We produce audit-ready, high-impact IR materials that strengthen investor communication and support capital market credibility. Our work is recognized as reliable, high-quality deliverables across multiple leading Japanese listed companies.

TSE-LISTED IR REPORTS

Since 2022:

Developing and refining IR reports and ESG disclosures for numerous companies on the First Section of the Tokyo Stock Exchange, delivering audit-ready narratives that strengthen stakeholder confidence and regulatory compliance

EHIME PREFECTURE, JAPAN

2025 onward:

Strategic communications and bid support that helped secure Japan's first hosting of the world-renowned Velo-city cycling exposition (2027)

CASE STUDY 04

PROBLEM

Ehime Prefecture needed compelling, professional strategic communications to support its bid to host Velo-city 2027—the world's premier cycling expo. As Japan's first-ever bid, the materials had to clearly convey vision, infrastructure readiness, and legacy impact to an international selection committee in Europe.

SOLUTION

We provided full strategic transcreation and narrative direction with full control, orchestration, and oversight for bid documents, presentations, and supporting materials. Working under tight deadlines with ISO- and *EU AI Act*-compliant workflows, we shaped persuasive, culturally nuanced narratives that aligned with global sustainability and urban mobility standards.

RESULT

Ehime Prefecture successfully won their bid to host Velo-city 2027, marking Japan's first time hosting the prestigious event. Our communications materials played the key role in demonstrating Ehime's readiness and ambition on the global stage.

CASE STUDY 05

PROBLEM

Hakuhodo needed high-impact narrative creation and technical data oversight for the Suzuki SWIFT SPORT dealer brochure targeting the U.K. market. The content had to capture the car's sporty excitement and technical details while resonating with British consumers and maintaining brand consistency.

SOLUTION

We delivered transcreation and narrative creation support with full editorial control, orchestration, and oversight for the eight-page brochure. Working under tight deadlines with ISO- and *EU AI Act*-compliant workflows, we adapted Japanese source materials into engaging, culturally relevant English that preserved Suzuki's dynamic brand voice.

RESULT

We produced a polished, market-ready brochure that effectively communicated the SWIFT SPORT's appeal to U.K. dealers and customers, contributing to successful promotional campaigns and reinforcing Suzuki's premium compact performance positioning.
